

LHS Driver's Education Payment Request

Beginning with classes offered in June 2020, LHS Students eligible for Segment 1 or Segment 2 Driver's Education may request payment of the fee by completing the contract below. *LAS will pay the fee to the Drivers' Ed Company directly for the student if the criteria is met and the student attends and completes the class.*

This form must be submitted to the counselor and approved by the principal prior to beginning the class. For any company other than Drive America, arrangements must be made to get a check from Central Office prior to the start of class. Usually one group check is picked up by one parent to take to the first class.
