

***L'Anse Area Schools***  
**October 2023**  
**Employee of the Month**  
**Jacqueline Rowlison**

Jacqueline Rowlison has worked at L'Anse Area Schools as our K-12 Art Teacher since the Fall of 2022. Jackie was nominated for employee of the month because she relates well to students at all levels and truly brings out the artist in them. She is passionate about art and loves her job and the students. Jackie is also very accommodating to the individual strengths and needs of her students. She is dedicated to improving our art program as demonstrated by her research into replacing the old kiln in the art room and her suggestions for high school course offerings and for scheduling the elementary art specials. She always greets students and staff with a smile and her positive attitude is greatly appreciated. Jackie has done an amazing job providing students with the opportunity to display their artwork at the Alberta Artisan House gift shop. She is originally from Stevensville in lower Michigan and currently lives in Alberta. Her hobbies include exploring outdoors, creating art projects and being physically active. We are very lucky to have Jackie as part of our team at L'Anse Area Schools!
